Professional Summary

A Full Stack Developer with knowledge in different front end and back end languages, responsive frameworks, databases, and best code practices. My objective is simply to be the best developer that I can be and to contribute to the technology industry. I am dedicated to perfecting my craft by self-learning and from experienced developers, remaining humble, and continuously making strides to learn all that I can about development. I have over 2 years of experience in developing websites using PHP/MYSQL, CMS-based/eCommerce websites using Advanced WordPress, integrating RESTful APIs and Payment Gateways. Skilled in frontend technologies such as HTML, CSS, Vanilla JS, jQuery, Bootstrap, SCSS. I can effectively work as a team member or individually.

Technical Skills

Web Technologies: PHP/MySQL, Advanced WordPress, HTML/CSS, SCSS, Vanilla JS, React JS, AJAX, jQuery, Bootstrap, Google Analytics, Search Console, Tag Manager, EDM (Mailchimp).
